

MACROCOM

Committed to
**Quality &
Service**

Committed to **Quality & Service**

VISION

To be the most admired partner in producing quality products for the manufacturing industry across the globe.

MISSION

To deliver value to the manufacturing industry through top quality products and build everlasting association with customers.

VALUES

Our business is built on a solid foundation of values which forms an integral part of the culture of our organization.

Quality:

Quality is the core of our business. We practice quality in products and people. Thus we are able to achieve customer satisfaction every single time.

Service:

Customers delight is what we aim for. We achieve this through prompt service.

Commitment:

We are committed to deliver products at the most competitive price and on time.

Trust & Relationship:

This is the foundation of our growth.

Integrity:

Doing business with integrity has helped us reach beyond borders as we now cater to the world.

About us

■ Founded in the year 2008, manufacture and export engineering goods for metal, rubber and plastic industry. We are based in Ahmedabad, which is the manufacturing hub of the state of Gujarat.

- Products designed to International specifications helps in worldwide acceptance.
- Consistent increase in the product portfolio over the years owing to close engagement with clients.
- Multiple manufacturing units in western part of India

■ We manufacture the following range of products:

- Metal buckets and Drum handles
- Steel rings and clamps for plastic and steel drums / metal cap seal for drums.
- Rubber production accessories
- Plastic taps for water cooler and drums
- Aluminium induction seals
- Injection & Blow moulds

Creating value for the customers, society and our employees is the reason of our existence.

Being committed to ethics, we operate in a socially responsible manner.

Infrastructure

- Multiple manufacturing units in western part of India.
- Quality control department with the latest testing equipments.
- Head office at Ahmedabad.
- Warehouse in Mumbai

Team

- With 20 years of experience in the industry, the founder leads a team of 250 personnel.
- Qualified and experienced engineers in manufacturing, quality and service departments.
- Logistics department to support our global reach:

We have the best team for shipping line, clearing and forwarding agents and transporters.

Metal Handles for Buckets / Drums / Pail / Crate / Axel rods

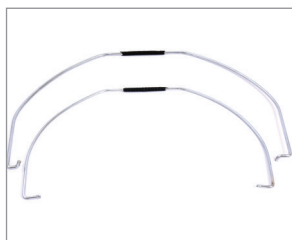

- Manufacturing a variety of metal handles for plastic / pail / paint / construction / food and other industries.

HANDLE	SIZE (Litres)	Technical specifications	
		Mild steel wire thickness	2.5 to 8 mm
Plastic buckets	2 – 30	Finish	Nickel-Chrome / Zinc plating / Powder coating / Plastic sleeves
Drum handles	25 – 150	Hook options	Notched, Reverse bend and Forged
Paint pails	5 – 20	Plastic grips	Without grip / with fixed grip / roller grip

With Roller Grip

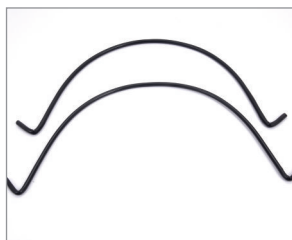

Construction Buckets

Zinc Plating

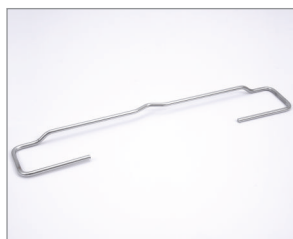

Plastic Sleeves

Paint Roller Handle

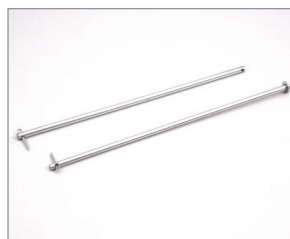

Crate Handle

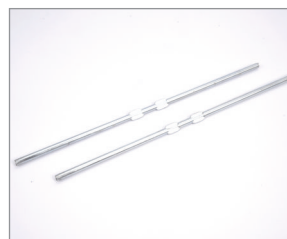

Axel Rods for Waste bin trolley-60 to 360ltr

Axel Rods for Waste bin trolley-Flip lid

Axel Rods for Bicycle

We manufacture all shapes, sizes of industrial drum locking ring and Clamps for UN (Liquids and Solids).

Steel rings & Clamps for plastic and steel drums / metal cap seals for the drums

- Available in 20 – 220 litre sizes
- Galvanized steel and precision dies used
- Customized clamp designs made as per your specifications

Material specification

Material

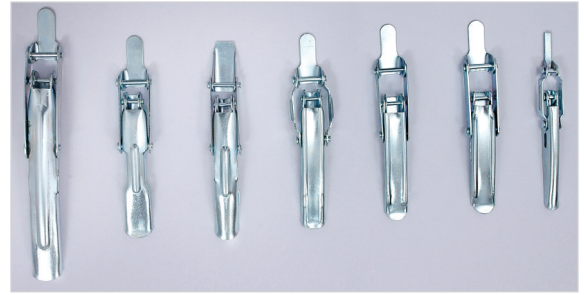

Cold roll coil, Galvanized, SS 304, 316

Thickness

1.0 mm to 2.00 mm

HSEF for

Metal drum, fiber drum,
plastic drum locking ring,

Rubber production accessories

Rubber O-rings gaskets and Rubber wheels with plastic hub for 60-360 litre Waste bin trolleys

- Premium quality of rubber used: Natural rubber / Silicone / Neoprene / EPDM / Nitrile / Polyurethane.
- Confirming to standards like DIN / BS / ISO and ASTM.
- Wide variety of rubber products for plastics packaging and automotive industries
- All designs and sizes possible.
- Durable and accurate to dimensions

Rubber Wheel With Hub for Trolley

Rubber Gasket

Rubber O-Rings

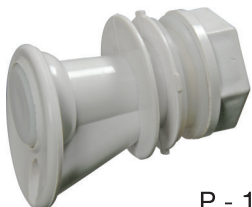

Rubber Vented Valve

Plastic taps

We manufacture and export plastic taps of all designs in PP and ABS plastic-food grade raw material for water coolers and plastic drums

with exceptional quality and finish. All relevant tests are conducted before even a single piece moves out of the factory premises.

Aluminium induction seals

We manufacture and export induction seal or wads that are used for sealing various types of containers like bottles, jars, etc.

Benefits:

- Prevents tampering of products
- Prevents stealing, faking, leaking
- Enhances product safety and shelf life as it prevents moisture penetration
- Locks in the freshness

Types

One piece: Aluminium foil + paper board

Two piece: Aluminium foil + paper board with a layer of wax in between allowing paper board to remain inside of cap.

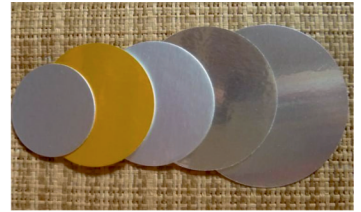

Technical specifications

Bottle raw material	HDPE, PET, PVC, PP
Wads raw material	Virgin and Duplex paper board
Wad thickness	0.6 to 2.0 mm (+/- 0.1mm)

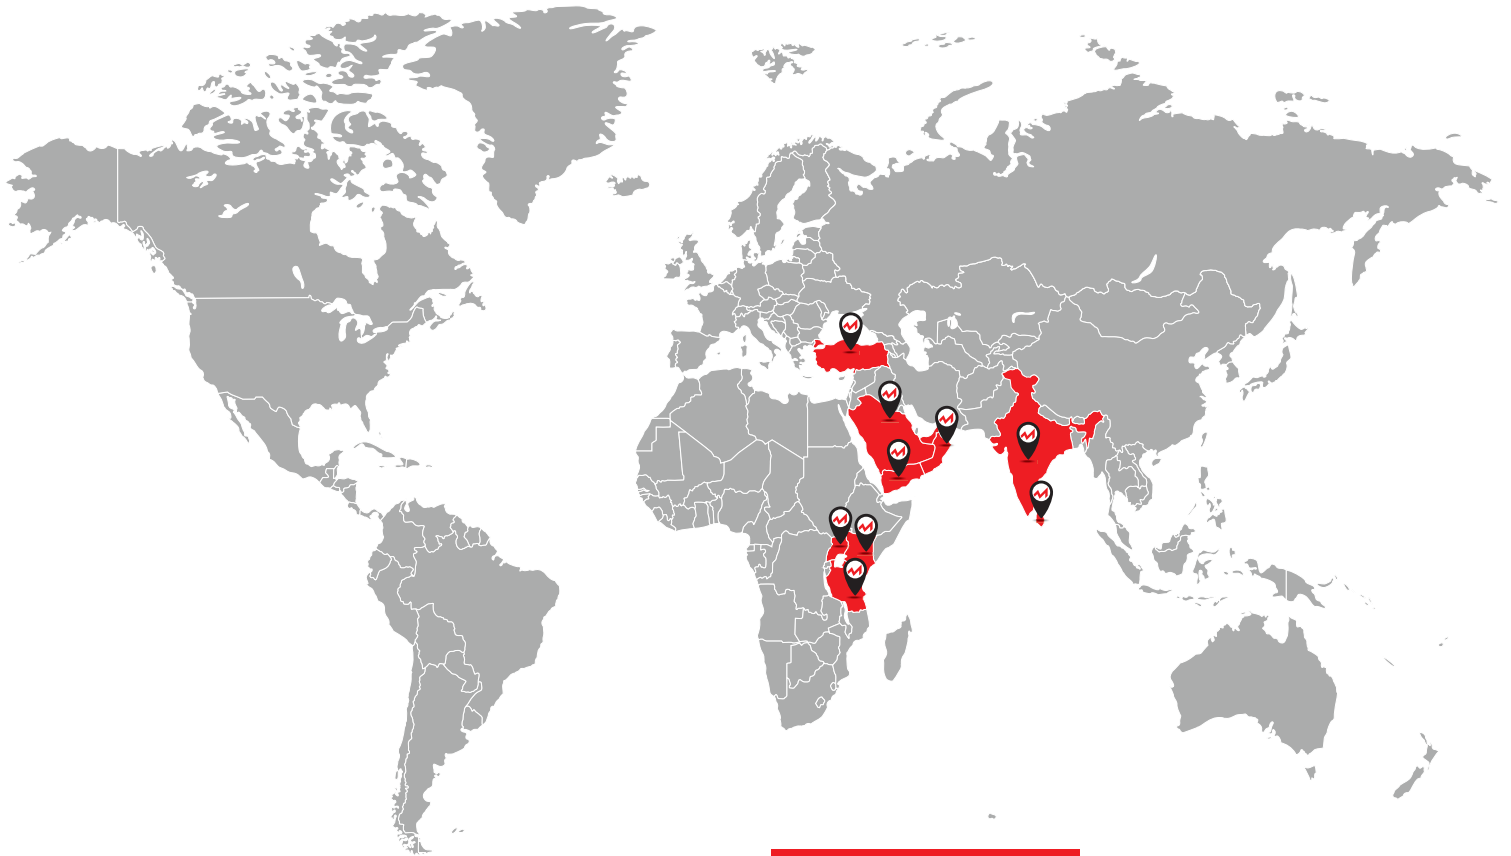

Applications:

- Automotive
- Agro chemicals
- Pharmaceuticals
- Oil
- Food (Diary, edible oil, coffee, powders, etc.)
- Health & Beauty

We also supply all types of packaging machines i.e. Wad inserting, Cap sealing, Capping and Liquid filling machine.

Globally recognized for quality and service

Industries served

- Household products
- Paint & Ink
- Oil
- Plastic packaging
- Waste management
- Chemicals
- Automotive
- Agriculture
- Food
- Health & Beauty
